

Heartbeat of Hope

The latest news from the heart of Hope Clinic.

A Month of Moments August brought so many special moments to Hope Clinic. We've welcomed new faces to our team, continued learning and growing through nursing training, celebrated with Katrina as she welcomed her sweet baby girl, Violet, and recently gathered to celebrate the upcoming arrival of Deborah's little one. We're grateful for all the little moments that make our Hope Clinic family so special.

"Great is the Lord, and greatly to be praised."

Meet Deborah

A Hattiesburg native, Deborah has been an LPN since 1991 and recently retired from USM after 24 years. After praying for an

opportunity to serve in ministry, she joined Hope Clinic and considers it an answered prayer. She is passionate about encouraging women and sharing hope. She is grateful for the opportunity to serve women and families in our community.

Growing in Knowledge, Growing in Care

Our nursing team recently took part in additional training to continue growing their skills and knowledge. We're grateful for opportunities to keep learning and strengthening the care we provide to the women who walk through our doors.

Building a Legacy That Lasts

Every family has a story, and we're honored to be part of Sebastian's.

When Sebastian first came to Hope Clinic with his wife, he wasn't sure what to expect. Over time, he grew in confidence and began investing in himself and his family.

When he joined Legacy Builders, our fatherhood program, Sebastian faithfully showed up each week, eager to learn and grow. By the end of the semester, he had earned a toolbox, a certificate for perfect attendance, and

something even more valuable: confidence, encouragement, and a deeper belief that he can leave a lasting legacy for his family.

One father investing in his family has the power to impact generations. ❤️
